Description

Smaller, less powerful version of the Sanctuary Guardian. Two of them are found in the area where you fight the Sanctuary Guardian boss, after you defeat Knight Artorias. They respawn and provide another opportunity to obtain the Guardian Tail.

Location

Sanctuary Garden

| Playthrough | HP | Souls |
|-------------|-------|-------|
| New Game | 2,030 | 3,000 |
| NG+ | 3,187 | 6,000 |
| NG+6 | 3,983 | 7,500 |

Drops

- Guardian Tail - tail cut

Notes

- It doesn't seem possible to sneak up on these things. They will face which ever direction you have spawned from at the bonfires. The Ring of Fog as well as the Slumbering Dragoncrest Ring don't seem to affect them, even if you wear both rings at the same time.

Tail Cut

To cut off a tail it's necessary to deal a certain amount of damage against it. The HP of the tail increases with higher NG cycles and is based on the HP of the respective enemy.

| Playthrough | Tail HP |
|-------------|---------|
| New Game | 500 |
| NG+ | 785 |
| NG+6 | 981 |

In case of the Lesser Sanctuary Guardian, the tail has about 24.63% of his HP.

- If you want a Guardian Tail, you will need to engage both.
- The easy method - aggro a Sanctuary Guardian from within the cave with a bow. When they start shooting lightning, back up until all of the lightning gets absorbed by the ground while you can still see their tails. Manually aim at the tails until a whip drops. Note, they will jump back and forth a bit, but you are in no danger.
- If you accidentally kill both Lesser guardians you will need to respawn them via bonfire.
