

Archive Tower Giant Door Key

In Game Description

Key to the giant door leading out from the uppermost floor of Archive Tower, which now serves as a prison.

The key's design resembles not the key of a prison; indeed, the tower was once no prison at all, but a trove of precious tomes.

Availability

Found in the prison section of The Duke's Archives. The key is in a chest behind the gramophone, guarded by two Serpent Soldiers and a Serpent Mage.

Opens

Unlocks the large doors at the ledge above the ladder, at the top of the stairs in the prison section of The Duke's Archives
