

# Eingyi

## Description

---

Eingyi was a pyromancer from the Great Swamp. He was considered a heretic and banished from the Great Swamp after creating poison based pyromancies. After that, he came to Blighttown and became infected with parasites. The Fair Lady sucked the blight pus out of him, making herself sick in the process. This action greatly affects Eingyi, he became her servant and carries her egg to show his devotion to her.

## Location

---

### Quelaag's Domain

One floor below the Bell of Awakening, there's an illusory wall. Behind the illusory wall is the Daughter of Chaos bonfire. He's in that room with Quelaag's Sister.

## Gaining His Trust

---

Talk to him after you contract the Parasite Egg. The second infection stage is enough (with the egg visible on your head). He'll be friendlier to you and he'll offer you his pyromancer services. Equipping the Old Witch's Ring, while making his dialogue friendlier, does **not** make him offer his services.

## Use

---

- Gives you an Egg Vermifuge after you gain his trust.
- If your Intelligence is at least 11, he will give you a Pyromancy Flame after you gain his trust.
- Can upgrade the Pyromancy Flame after you talked to Quelaag's Sister. He cannot ascend a Pyromancy Flame or upgrade an Ascended Pyromancy Flame.

# Notes

- If you answer "No" when he asks you if you are a new servant, when you first talk to him, you can get him to ask you again. Leave and return to Quelaag's Domain (or just quit and reload the game) and when you talk to him again, he should ask you the same question.
- If you talk to Quelaag's Sister with the Old Witch's Ring equipped, he becomes even more friendly, greeting you fondly (albeit reminding you that the Fair Lady requires company). This also unlocks a new talk option, where he admits he's incredibly jealous of your ability to understand the Fair Lady, as "there is only so much [he] can do to ease her suffering without speaking her tongue." However, he will not sell you any spells or give you the Egg Vermifuge just for wearing the ring.
- Killing him **does not** break the Chaos Servant Covenant. It is the same as killing any other Egg Carrier.

- As long as he has not allowed your passage, you will not be able to kick him.

- First encounter:
  - Oh dear... What have we here? Are you a new servant?
    - (yes/no)
      - Yes:
        - ... Hmph. But you have no eggs?  
Bah, no matter. Go along and have audience with Our Fair Lady.  
I pray that you will mind your manners!

  - ... There is nothing to say to you...  
Except... If you lay a hand on the Fair Lady,  
you should be prepared to face my wrath.
  - There is no time for idle chat.  
Think only of Our Fair Lady, and what she may need.
- Greeting
  - You again...  
Are you in need already?  
Well, anything for the Fair Lady... What do you want?
  - Are you prepared to dedicate yourself to Our Fair Lady?  
Then I will make available whatever you require.  
If you need something, ask me first.

### **After talking to Quelaag's sister with the Old Witch's Ring equipped**

- You, you speak the tongue of the Fair Lady?  
...  
Well, do not be rash with your pride. You have yet to earn my trust.  
If you try anything funny with the Fair Lady, there will be hell to pay.
- Greeting
  - Oh, hello... A pleasure to see you again.  
But don't neglect the Fair Lady. She needs some company.
- Talk
  - In all honesty, I am envious.  
What comfort can I offer, without speaking her tongue?

### **After becoming infected**

- ... Now... you're just like me...  
Your dedication is fully apparent. Only, well... Your head looks awful...  
Why not try this? I've no use for it any longer.
- Incidentally, do you have an interest in pyromancy?  
If you have, I shall share my flame with you.
  - (yes/no)
    - Yes:
      - You have served our Fair Lady well.  
Now, let this strength be yours.
    - No:
      - ..., fine. I will not force you.
- Greeting

- Oh, hello.  
What is it that you need?

- Talk

- Worse than Undead, we are diseased, and unwanted.  
Like the grime of the Great Swamp.  
But my dear, Fair Lady! She cried for me...  
And swallowed the great Blightpus, despite Mistress Quelaag's orders to the contrary.
- Below us lies the ruins of the legendary city of Izalith.  
There, the Molten Giant watches over the Flame of Chaos.  
Our Fair Lady, and Mistress Quelaag, fled from the ruins.  
I do not know the details... And I do not ask...

- (?)

- Have you heard of Lost Quelana?  
An inhuman witch, who wanders the Poison Swamp.  
only no one has ever seen her, so who really knows?  
But what if she is another of the Quelaag sisters?  
Our Fair Lady would be greatly comforted by her presence.
