- **First time speaking to her without Soul of Artorias in inventory**

...Are you human?

...I forgive you.

I am here to pay respects to a dear friend.

Please, allow me a moment alone.

- **First time speaking to her with Soul of Artorias in inventory**

...You, is that not...

The soul of the man who fell on this spot?

He was a dear friend. I wish to pay proper respect, with that soul.

Would you be willing to part with it?

- **Answer "yes"**

Thank you. You are very kind.

Please take this. I no longer need it.

May the Lord guide thee.

- **Answer "no"**

Yes, of course...

...

...I must not be presumptuous.

Artorias would not have approved.

- **Speaking to her after saying "no" to her first question**

What is it, something else?

Have you changed your mind?

- **Answer "yes"**

[Same as answering "yes" above]

- **Answer "no"**

...Then you have no business with me...

- **When attacked without made hostile**

- Hrk!

- Erg!
- Ooh!
- Hrk!

- **When attacked and made hostile**

Hmph, you humans...

...always taking what you please. Then, I shall do the same.

- **When killed**

But, how...

You humans...

My dear Ar...tor...

- **When she kills the player**

Hmph, such conceit...

How did you imagine that the Lord's Blade would not reach you?
