

East Wood Grain Ring

In Game Description

This special ring crafted in an Eastern land is made of gold, but with a wood grain crest on its surface.

The ring slows the loss of weapon durability and is particularly useful to bearers of delicate swords crafted in the East.

Availability

Sold by Shiva of The East for 10,000 souls

Use

Slows loss of weapon durability by half

Notes

- Does not affect durability lost from using weapon skills. For example, using Grant's 2-handed strong attack still drains 200 durability points whether you equip this ring or not
- Useful for Katanas and Crystal weapons
