“

Created from an everlasting dragon tooth.

Legendary great hammer of Havel the Rock.

The dragon tooth will never break as it is harder than stone, and it grants its wielder resistance to magic and flame.

Availability

Treasure from a chest in a dark room behind an illusory wall in Anor Londo, along with Havel's Set's chests, Havel's Greatshield's chest, and a Mimic

General Information

Can be enchanted.

Raises Fire and Magic defense by 20 points.

Its description refers to the fact that it has 999 Durability, but it degrades like normal weapons. In fact, as all Great-Hammers have the Grant magic attack which can forcibly be activated with glitches, it can technically be broken with 5 of its attacks.
